Bullshittery From the group

criver da crap: I made Cabal take this shit up.

CabalCrow da dovakin: True story. I decied to take over that manga translat4ions, 'couse the translating group is inactive. Also the tags of my group in mangaupdates are just glorious, it's like we are only translating some hardcore rape netorare, so I decided that I should take something normal to fix this. Anyways enjoy the chapter of BB, and expect a new one soon™. Have a nice week.

PS: I still don't have raws for /Blush-DC. sadly. I'm not dropping it I'm just still looking for raws.
